Subject: SCE&G Rate Hike - Opposed

I am writing this letter opposing the SCE&G Rate Hike. The idea of the rates being increased by nearly 10% over the next 18 months is unacceptable. Consumers are having trouble as it is getting by with the economy these days. And a 10% increase is just too much and unjustified. My understanding is that SCE&G brought in \$280 million in earnings last year. There is another way besides increasing the customer rates 10%. That is just too much. Our bills are too high as it is. We will be looking at solar options if the rates continue to increase at this rate... Please oppose the SCE&G rate hike!

Sincerely-
